YEAR 9 UPDATE

Growing Together

This week saw our Year 8 students being introduced to their Year 9 curriculum. They have begun to think about which 2 Year 9 options they would like to select from computing, drama, DT, Food, Music and Art. The students have been given more information about each subject during registration to help them with selection.

The introduction video can be found on our Facebook page or in our Growing Together Google Classroom.

Your child will be provided with more information from the subject leaders, including two new colleagues joining us in September, before half term.

Look out for the parent mail with more details on selecting Year 9 options and a link to the Google Form.
